**DETAILED ACTION**

***Election/Restrictions***

1. This application contains claims directed to the following patentably distinct species: Species of figures 1-7; Species of figures 8A-8F; and Species of figures 9A-12C.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a).

2. During a telephone conversation with Ronald Grubb on 05/14/2007 a provisional election was made without traverse to prosecute the invention of Species of figures 1-7, claims 1-7, 11-12, 15, and 18-20. Affirmation of this election must be made by applicant in replying to this Office action. Claims 8-10, 13, 14, 16, 17, and 21-27 are withdrawn

from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-7, 11, 12, and 18-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Pierce et al. (U.S. 5,620,454).

As to claims 1, 4, 11, 14, 16, and 19, Pierce et al discloses in figures 1-5, a handle body (20) having a chamber (25) extending along longitudinal axis of the handle body (20); a knife holder (40) disposed at the distal end of said handle (20); a movable guard (30) engaged with a guard positioning mechanism (32) for longitudinal movement within the chamber (25) between a fully extended and retracted position with respect to the handle (20); wherein said guard (30) comprises an enlarged partially and tapering semicircular sheath (at distal end (30)); and a leaf spring (34) positioned within said guard position mechanism (32)

(col. 3, lines 43-49) to engage a first detent or first slot (26') at said fully extended position and to engage a second detent or second slot (26') at fully retracted position (fig. 1).

***Allowable Subject Matter***

3. Claim 20 is allowed.
4. Claims 15 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

4. This is a CIP of applicant's earlier Application No. 10/420,614. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
